(Spartanburg Hwy. & Upward Road)

# MEDI-FIND

**HELPS WITH  
PRESCRIPTION  
COSTS**

**Are you unable to  
purchase medications  
prescribed for chronic  
illnesses due to the cost?  
Now there may be help!**

## GOOD NEWS FROM THE DRUG COMPANIES!

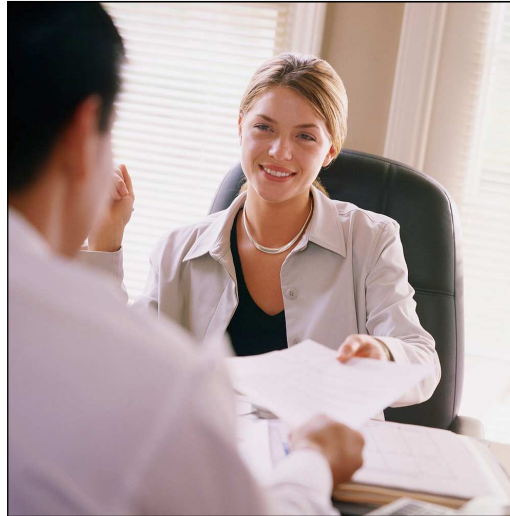

If illness is causing you or someone in your family to take several medications over a long period of time, you've probably discovered how expensive these can be.

Drug companies know this is an unbearable cost for some individuals and they are doing something about it!

Free medicine is offered by most of the major drug companies and refills may be available.

**MEDI-FIND SERVES RESIDENTS  
OF HENDERSON COUNTY AND  
THOSE WHO HAVE DOCTORS  
IN HENDERSON COUNTY**

**YOU MAY BE ELIGIBLE**

Community volunteers in Medi-Find will help determine if you are eligible. They prepare and forward the required forms to your doctor for approval and verification before submitting them to the drug companies.

In most cases, free medications are available to those with limited income and no prescription insurance. Each drug company has its own eligibility guidelines. If you have Medicare Part D, you may still be eligible for selected medications. Call today for more information.

**We may be able to help you.**

**Call MEDI-FIND for information  
and an appointment.**

## MEDI-FIND

**OFFERS A HAND UP**

You may be concerned that this free program is a "handout." It is not.

This is a partnership between you, your doctor, the drug companies and Medi-Find.

The time and effort you spend may put you on the road to better health and greater peace of mind.

**There is no charge for  
Medi-Find services.**

*Medi-Find is funded by Henderson County  
and the United Way of Henderson County.*
