

20th Anniversary

SPONSORSHIP OPPORTUNITIES

The Free Clinics (TFC) changes lives together, with hope and health.

Now in our 20th year, TFC is a community of 15 board, 33 staff, 200+ volunteers, 180+ healthcare partners, and 700+ donors and funders dedicated to serving our neighbors in need in Henderson and Polk Counties, NC. TFC provides 25 different programs in five program areas. Last year, we served 2,207 unique patients with 48,611 encounters. Our patients are some of the most vulnerable persons in our community, with 83% of them surviving on less than \$1,000 per month.

As a local business, The Free Clinics invites you to consider joining our community of care. **Every sponsorship touches, changes, and saves the lives of our neighbors in need.**

SPONSORS ARE HEALTHCARE HEROES

The Free Clinics is the **most economical** healthcare in our community and the best investment for your healthcare donations. In 2019-20, we turned every \$1 of generous support into \$7.50 worth of care to our neighbors in need. TFC brings a whole-person approach to caring for some of the most vulnerable persons in our community—providing medical care, behavioral health care, pharmaceutical support, and assistance addressing barriers to health, such as food insecurity, safe and affordable housing, and transportation challenges.

Sponsorship of TFC means that persons fleeing interpersonal violence get healthcare, homeless persons can get their insulin, hungry families receive free fresh organic produce, persons with critical conditions meet with specialists for potentially life-saving care, and ***our community becomes stronger, healthier, happier, and more whole.***

Your support is *critical* to our ability to care for our neighbors in need.
